

# 2026 PHILADELPHIA MUMMERS STRING BAND SPECTACULAR

The 2026 String Band Spectacular is the official judged competition event of the Philadelphia Mummers String Band Association (PMSBA), created to give the String Bands the full competitive spotlight they deserve.

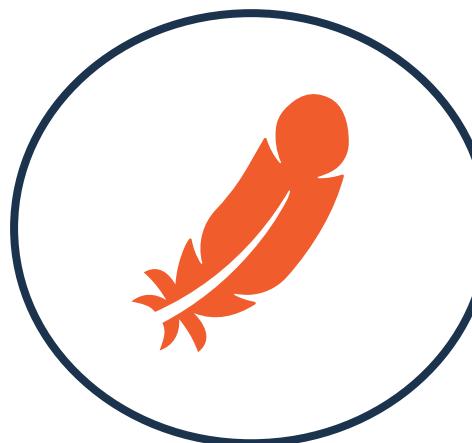

Unpredictable and extreme weather conditions on New Year's Day caused damage to production props and made it unsafe to proceed with the String Band competition. By that point, expenses for transportation, truck rentals, and production materials had already been incurred. As the competition is rescheduled, many of these same necessities must now be secured again. This unprecedented situation has placed an unexpected financial burden on the Association and the String Bands.

Sponsorship support for the 2026 String Band Spectacular plays a critical role in ensuring this historic competition can move forward at the level of excellence the String Bands and the City of Philadelphia expect.
